- You can now add re-agent or accessories or Parts, which may again contains formulations in it. In this case firm has to prepare a master for such items.

The screenshot shows a web application window titled "Reagent/Accessories/Parts - Microsoft Internet Explorer". The header includes the FDCA logo and text: "Drugs Manufacturing Licence(Allopathic) Food & Drugs Control Administration Gujarat". User information is displayed: "LoginID: admin-nic", "Office: admin Test", "LoginTime: 14:50:54", and a "Sign Out" link. A yellow banner says "Thank you for visitir".

The main content area is titled "Reagent/Accessories/Parts" and shows "FirmID: 12 Firm Name: admin Test". There are input fields for "ItemName:" and "Remarks:" with an "Add" button. Below is a table with the following data:

Sr.No.	ItemName	Remarks	Composition	Edit	Delete	UsedInProduct
1	Reagent-1	This is test reagent-1	1	[Edit Icon]	[Delete Icon]	UesdInProduct
2	Part-1	This is test part-1		[Edit Icon]	[Delete Icon]	UesdInProduct

Two callout boxes provide instructions:
 

- One points to the "Add" button: "Click this to add item in Reagent/accessories/part"
- Another points to the "Composition" column: "This will allow to enter composition in it"

The details are provided in product help document provided on the screen
